**General Program/Event Information**

**Program/Event Name:**

Working Title March workshop

**Description of Program/Event:**

Working title a student-run workshop at UCI open to anyone interested in ethnographic research and collaborative reflection. This month's meeting is a discussion of a paper by Stephen Rea of anthropology, who studies online gaming in South Korea. The title of his paper is "Historiography in Speed-Space: Spacetime at the Intersection of the Korea Information Infrastructure and South Korean Online Gaming Culture"

We have confirmed attendance from graduate students in Anthropology, Informatics, East Asian Language and Literature, Visual Studies and History, although will be advertising the event widely, especially throughout the social sciences and humanities. Now that we have momentum we are continuing to gain more interest from interdisciplinary participants, presenters and discussants
