**How are you predicting the attendance numbers listed above?**

Past events this year (at which we have not provided free food) have had attendance averaging from 30-40. For example, a QGC Potluck on Feb 15, 2018 drew 32 attendees. A QGC Pub Night (without food/drinks provided) drew 36 attendees on Nov 14, 2017. An additional QGC Potluck drew 43 attendees on Oct 17, 2017.

Our first event with free food (funded by AGS) was held on April 19, 2018. We received notification of funding about 24 hours before the event, which limited our ability to spread the word about free food, but the event still drew 38 attendees.

Our Facebook group has 199 members, and we plan to advertise that QGC and AGS will be providing free food with more advanced notice. Based on all of the above, we anticipate that we will draw around 55 attendees.

**Planned Methods of Advertisement:**

We will advertise this event by posting in the grad weekly, utilizing department email lists, sharing the event on Facebook, and posting flyers around campus.
